

# **QUICK SPECS**

Weight	4,023 lbs				
Horsepower	14.5 HP				
Max Dig Depth	7'7'				

# Work in tight work sites with ease.

YANMAR's ViO17-1E, our 1.8-ton class mini excavator, is powered by a 14.5 HP Tier 4 Final YANMAR engine. It goes almost anywhere and works in tight spaces and narrow job sites. With true zero tail swing, it

lets you complete your jobs with ease while working around walls, buildings or landscaping. Plus, with YANMAR'S unique retractable undercarriage, you can retract or extend when needed to give you additional flexibility.

# **INNOVATIVE FEATURES**

# **True Zero Tail Swing**

Take on more jobs in tighter spaces. With true zero tail swing technology, no part of the ViO17-1E housing extends beyond the tracks, so you can work efficiently almost anywhere, with less damage to both the machine and the worksite. Plus, you'll enjoy better visibility for increased performance and safety.

### **Unbeatable Track And Undercarriage Flexibility**

Tracks hydraulically retract to 37 inches for traveling through narrow passageways, and expand to 50 inches for greater stability while digging. Plus, the folding blade provides even more flexibility.

### **Intuitive Controls**

Joystick pilot controls with control pattern change come standard on the ViO17-1E. The easy-to-access valve lets you switch from excavator to backhoe control in just seconds. The wrist control lever and ergonomically designed armrest provide comfortable, easy operation, designed to significantly reduce fatigue on long, tough workdays.
